

CLUB OPERATION CHECKLIST

Attached is a checklist your club can use to serve as a reminder of all the important tasks to complete and events that must occur to operate a great skating club. Geared to the club that operates skating programs from September to March, this checklist gives you a general overall picture of the season, by month, and will help to keep your club executive and coaches organized and on top of their game!

It is by no means exhaustive and is meant to give your club a basic starting point, so we encourage you to add tasks that apply to your particular situation.

Please refer to the **Members Login** section of www.skatecanada.ca under the heading Clubs and Schools to retrieve an electronic copy of this checklist to customize for your club's use.

Club Operations Checklist
