GENERAL REGULATIONS

ELIGIBILITY TO COMPETE (From Skate Canada Rule 5401)

- (1) Be eligible person(s) as defined in Skate Canada Rule Book Section 2100 (Rule 5401).
- (2) Be Associate member(s) in good standing of the Association (Rule 5401).
- (3) For eligibility in a Sectional STARSkate competition, please note the following restrictions:
COMPETITIVE SKATERS: Skaters registered[Ⓢ] to compete in any event at the Novice or higher level at a Sectional or Sectional qualifying competition, do not qualify to compete in the Sectional STARSkate Championships in any category at any level. Skaters registered to compete in the Juvenile and Pre-Novice level at a Sectional or Sectional qualifying competition may register to compete in event categories at the STARSkate level other than those competed in at a Sectional or Sectional qualifying competition. Please see the table below for the qualifications for entry.

For purposes of interpretation of this regulation, registration for a Sectional or qualifying event is defined as the submission of a registration form for such event.

Competitive Category (registered for at Sectionals or Sectional qualifying event)	Events that may be entered at the Sectional STARSkate Championships (or qualifying event)
Novice and higher in Singles, Pairs and Dance	No events
Juvenile / Pre-Novice Competitive Dance	Free Skate, Pairs, Interpretive, Skating Skills, Triathlon
Juvenile / Pre-Novice Competitive Singles	Pairs, Dance, Interpretive, Biathlon, Skating Skills
Juvenile/Pre-Novice Competitive Pairs	Free Skate, Dance, Interpretive, Skating Skills, Biathlon, Triathlon
Competitive Synchronized Skater	All events

- (4) **WINNER OF A PREVIOUS QUALIFYING EVENT LEADING TO THE SECTIONAL STARSKATE CHAMPIONSHIPS:** A previous winner of a qualifying event for the Sectional STARSkate Championships is eligible to re-enter the same

qualifying event provided that the competitor is still eligible to enter the corresponding category.

- (5) **TEST AND AGE PREREQUISITES:** Competitors wishing to enter the 2012 **Manitoba** STARSkate Championships and events leading to it shall meet the test requirements to compete before **November 15th, 2011** preceding the competition. Age requirements shall be met before **October 1st, 2011** preceding the competition.

- (6) **COMPETITIVE SINGLES TEST EQUIVALENCIES IN THE STARSkate PROGRAM:** As regulation 4000 –E – 3.1 states, skaters passing free skating tests in the competitive test system are granted equivalencies for regular free skating tests as follows:

Juvenile competitive singles test = Junior Silver Free skating test
Pre-Novice competitive singles test = Senior Silver free skating test
Novice competitive singles test = Gold free skating test
Junior or Senior competitive singles test = Gold free skating test

Skaters who have passed any of the competitive test equivalencies must enter the STARSkate Championships at the level corresponding to their highest STARSkate test passed or at the level which they received the equivalency in the STARSkate Program, whichever is higher.

Please note: The above equivalences are for tests passed after July 1, 2011. If a skater passed the competitive test in question prior to July 1, 2011, they will be granted the test equivalences that were used in the 2010/2011 skating season. Please refer to Members Only for more information.

- (7) Skaters may participate in either the 2012 **Manitoba** STARSkate Championships or the 2012 Adult Figure Skating Championships, but not both.
- (8) In the case where the test requirements deadline for the event is **November 15th** skaters may skate up in the free skate categories if desired. Skating up is not permitted in the Triathlon, Biathlon, Skating Skills and Interpretive events.
- (9) Entrants in the Triathlon events must register to compete in the highest level that their test qualification qualifies them for. For example, a skater who has passed the Senior Silver Skating Skill, Bronze Interpretive and Senior Silver Free Skate must compete in Silver Triathlon and cannot skate in Bronze Triathlon.

- (10) Should a Free Skate, Interpretive or Skating Skills event have only one entry, the skater will be given the option to skate at the next level or skate an exhibition. In the case of a dance category with only one entry, there will be no option to skate at the next level. An exhibition may be done.

EVENT SPECIFICATIONS

- (1) **EVENT COMPOSITION:** In normal circumstances, each category at the competition must be held for men and women separately. It is permissible for events that do not progress skaters on to a subsequent level of STARSkate Interclub competition to combine events as follows:
- (a) Combine two or more categories in the same event when each category has fewer than three entries;
 - (b) Combine two or more categories in the same event when one category has insufficient entries to hold the event;

The decision to combine events is at the discretion of the Technical Representative and the host committee.

In any of the above cases, categories may be combined – only with full prior knowledge and agreement of all competitors affected.

- (2) **GROUPING SKATERS BY AGE:** The following guideline is suggested for grouping skaters:
- (a) For events that require grouping because of a large number of entries, the following procedure may be used:
 - (i) In a category that does not progress skaters on to a final round, skaters may be divided and grouped according to age.
 - (ii) In an event that progresses skaters on to a final round, skaters in the same category must be divided and grouped by random draw.
- (3) **GROUPING SKATERS BY TEST LEVEL:** Due to a large number of entries in the Pre-Introductory Interpretive, skaters may be divided and grouped according to Free Skate test level. Entry level skaters will be grouped if there are more than 12 entries in the event. STARSkate events will be grouped by age when event registration exceeds 16 entries.
- (4) **COMPOSITION OF PARTNERS:** Couples for Dance and Biathlon events may be comprised of two women (one performing the man's steps), one woman and one man or two men. Similar and mixed couples may compete against each other. Dance couples must represent one section.

Each competitor in turn will hear the music one final time (while skater ahead of them competes).
